Front End Developer

With a wealth of experience in developing HTML web applications for both Internet and Intranet environments, I am proficient in HTML5, CSS3, Bootstrap, jQuery, WordPress, Shopify, and React.js, adhering meticulously to usability standards.

- My expertise extends to converting PSD and Figma designs into HTML/React.js, crafting responsive websites that seamlessly adapt to various devices. Smart, confident, and adept at handling projects with the latest applications, I excel both as a team player and when working autonomously.
- As a seasoned web developer, I bring a depth of knowledge and skill to every project, leveraging years of experience to deliver exceptional results. Let's collaborate to bring your digital vision to life, creating dynamic and user-friendly experiences across all platforms.
